THE VIEW IS CHANGING, BUT THE SPIRIT IS THE SAME . . .

Increased expansion of the Birdville School plant was a keynote of the outstanding year, 1955-1956.

Student participation in activities and devotion to scholastic achievement marked the high school as a center of influence for the surrounding community.

It's a Birdville tradition—building for a better tomorrow.

The Buffalo

Annual Staff

Birdville High School

Volume XI

FOREWORD

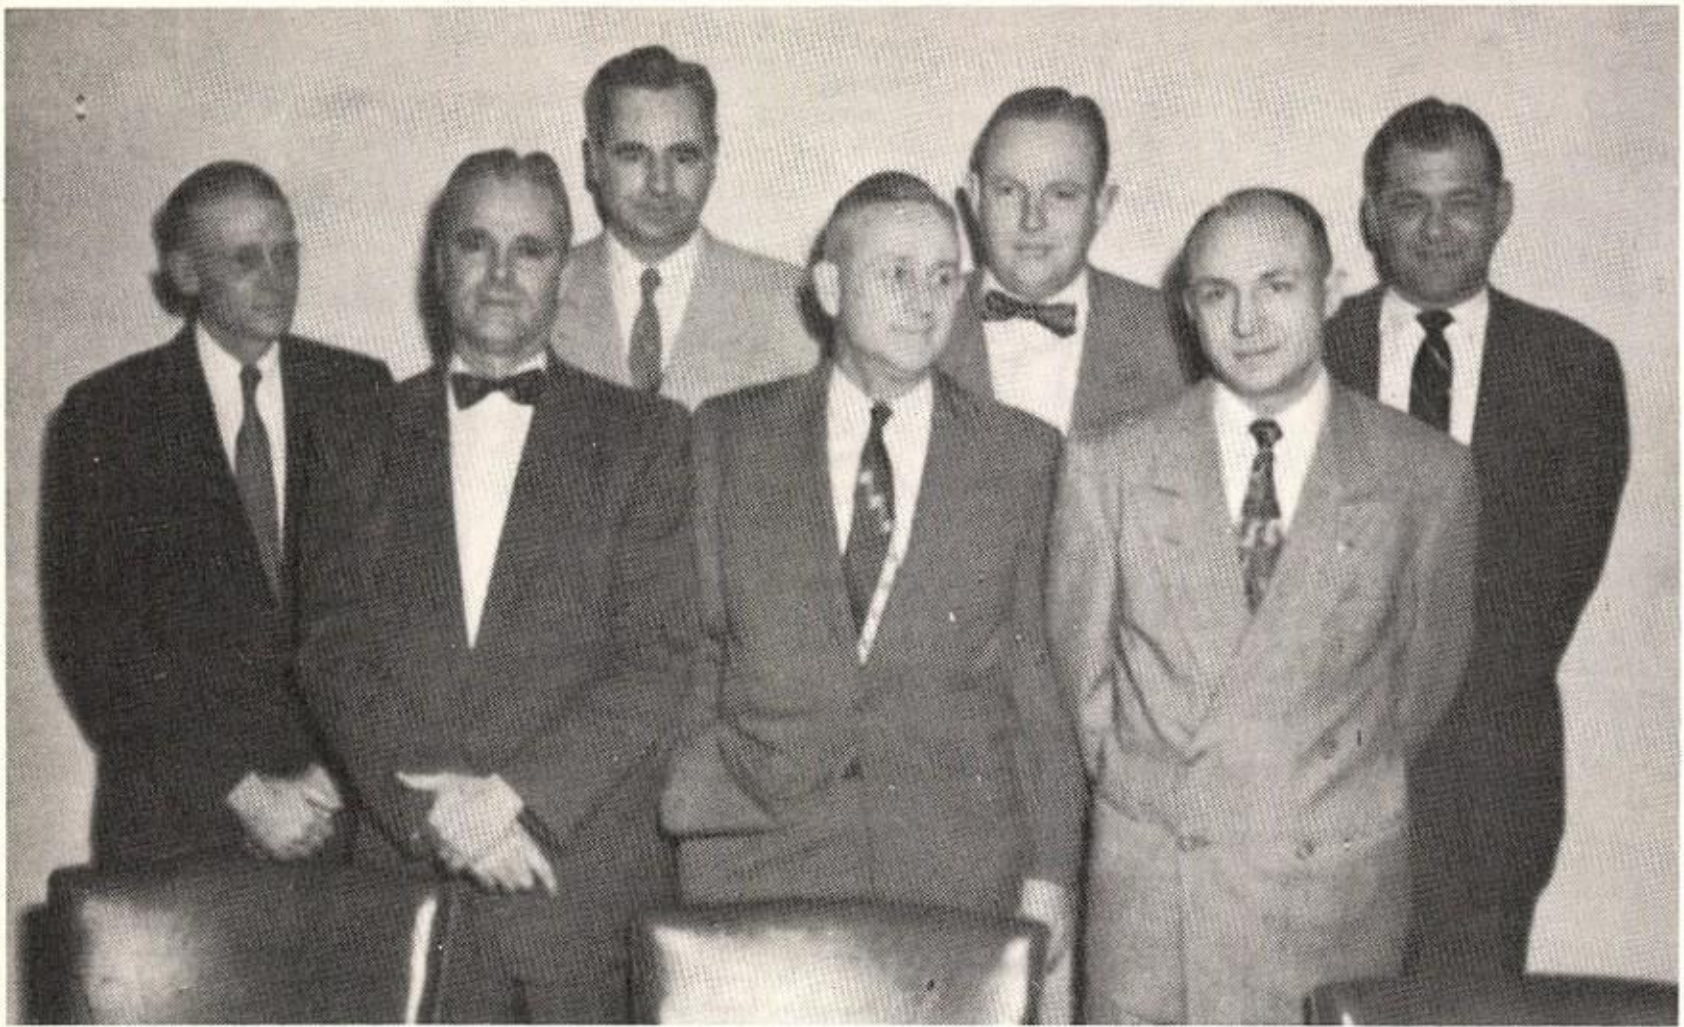

Education is a door . . . a gateway to the fuller, richer life. Look through these portals. See and remember the opportunities and challenges that were ours. As you once again pass through its doors, renew the friendships and enjoy the experiences of a year at Birdville High School.

We dedicate our 1956 Buffalo to a smile— a smile that has brightened American History classes for two short years, a smile that has pushed Allied Youth to its largest enrollment, a smile that has made every Senior activity this year a success, a smile that belongs to our sponsor and our friend.

Because of your understanding, your sense of humor, the unselfish devotion of your time to the needs of others, and your patience, we the Senior class of 1956 shall never forget you, Mrs. Johnie Hartgraves.

FACULTY

Dear Students,

I would like to take this opportunity to thank each person that has contributed in some way toward the improvement of our school program.

You, the students and teachers of Birdville High School, have made this a most pleasant and successful school year through your cooperative spirit and willingness to assume individual responsibilities. May each of you have true happiness and success.

W. S. Thomas Jr.

Dear Students,

The years of education that you are now accomplishing are and should be the best of your life. Always remember that in any situation there is something to be learned. Grasp all that you can so that you will be a gracious, learned person who appreciates the good in this life.

To the ones who are graduating and the ones who are aspiring in the years to come, best wishes always for a successful life filled with love.

Dear Peggy,

Life has been good to both of us and fortunately we're still friends. We've come along way together and I hope it will continue. Remember all the trouble we've gotten into? But wasn't it fun. Yes, Peggy mother nature joined us nuts together and we're cracking all the time, but I've enjoyed every crack! Now for the mush-mush! God has blessed you with one of the sweetest personalities a person could have and you've used it wisely. Anything I do is always twice as much fun when you're along. Should we ever separate I'll remember you always as my one and only "best" friend. Yours Always
And Ever,
Patsy (Fish) Fletcher
